<https://www.linkedin.com/in/ar-sharath-bv-b41961257/>

UX and Product Designer with 1+ years of experience designing AI-driven and digital products across web and mobile platforms. Skilled at translating complex workflows into intuitive, user-centered experiences using an architecture-first approach to problem-solving. Experienced in end-to-end design from user research and wireframing to high-fidelity prototyping and developer handoff. Strong collaborator with cross-functional teams delivering scalable, accessible, and visually consistent design solutions.

Skills

Design Tools: Figma, Adobe XD, Adobe Photoshop, Adobe Illustrator, FigJam

UX & Interaction: User Research, Wireframing, Prototyping, High-Fidelity Design, Information Architecture, Interaction Design, Usability Testing, User Flows

Product & Delivery: Design Systems, Design Documentation, Developer Handoff, Responsive Design, Component Libraries, Agile / Scrum Collaboration

Soft Skills: Cross-functional Collaboration, Stakeholder Communication, Iterative Problem-Solving, Attention to Detail

Experience

Navriti Technologies

UI/UX Designer

2026-01 - Present • Bengaluru, karnataka

- Led end-to-end UX design for core product features, delivering 50+ screens covering user flows, wireframes, and high-fidelity prototypes in Figma.
- Restructured information architecture and navigation to simplify complex workflows, improving task clarity confirmed through internal usability testing.
- Partnered with engineers and product managers throughout the design-to-development handoff, reducing review and revision cycles.

Galamine AI

UI/UX Designer

2025-05 - 2025-12 • Remote

- Designed AI-powered dashboards and interfaces, making complex technical workflows accessible and intuitive for non-technical users.
- Improved usability of data-heavy screens by applying structured layouts, clear hierarchy, and purposeful interaction patterns.
- Built and refined reusable UI components to establish design consistency and streamline developer implementation.

Self-Employed

Experience Designer (Freelance)

2025-01 - 2025-05 • Remote

- Delivered full-cycle UX engagements for multiple clients - spanning discovery research, wireframing, and high-fidelity design
- Designed responsive web interfaces prioritising usability and seamless user journeys.
- Managed parallel client projects, incorporating iterative user feedback to continuously refine designs.

Venkataramanan Associates (VA Group)

Architectural Intern

2023 - 2024 • Bengaluru, Karnataka

- Assisted senior architects in designing spatial layouts, floor plans, and detailed architectural documentation.
- Supported 3D modelling and presentation workflows for live projects.
- Developed analytical and user-centered design thinking applied to spatial problem-solving.

Education

RV University

Master of Design in User Experience Design (M.Des in UX Design)

2024 - 2026 • Bengaluru, karnataka

- Specialisation in interaction design, information architecture, wireframing, prototyping, and digital product design.

Reva University

Bachelor of Architecture (B.Arch)

2019 - 2024 • Bengaluru, Karnataka

- Five-year professional degree with strong focus on user-centered spatial design, structured problem-solving, and technical documentation.

Certifications

Google - Foundations of Project Management

Languages

English • Hindi • Kannada
